STORIES

We expanded our scope of giving in the latter part of 2021. Along with helping missionaries in the field, **Deseret First Charitable Foundation now also helps recently returned missionaries with their education!**

I have been saving for a mission by working for my family-run DJ business in the past several years. **My father was recently diagnosed with kidney cancer. He had to give up all of his DJ work while beginning treatment, leaving me to complete them in his place.** Even just a small donation to supply me with a bag or one pair of shoes would mean the world to me, as I have been struggling to make enough in my job for groceries and current living expenses.

I am humbly requesting assistance for my little brother. **This was not an easy decision for him to serve a mission. He is the youngest of 8 children which wasn't easy financially.** My siblings and I have come together to try and assist with his clothing needs for his mission. With the pandemic, finances aren't easily available. I appreciate your time and the opportunity to submit my little brother for this amazing donation.

I finished Pathway Connect at the beginning of this year after I returned from my mission and couldn't go back to Ghana because the borders were closed. I do not have enough funds to support my tuition. I have sponsorship from family and friends with rent and other necessities. I am not eligible to work until my change of status is approved. Your help would be deeply appreciated.

I have been struggling to pay up my college dues especially when I don't receive enough funds from family and friends. **I believe that if I receive any funds from DFCF, it will go a long way in helping me to take care of my college dues and move on with the rest of my activities.**
